

AN ACT concerning education.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The School Code is amended by changing Sections 10-20.14, 10-22.6, 27A-5, and 34-19 as follows:

(105 ILCS 5/10-20.14) (from Ch. 122, par. 10-20.14)

Sec. 10-20.14. Student discipline policies; Parent-teacher advisory committee.

(a) To establish and maintain a parent-teacher advisory committee to develop with the school board or governing body of a charter school policy guidelines on pupil discipline, including school searches and bullying prevention as set forth in Section 27-23.7 of this Code. School authorities shall,~~to~~ furnish a copy of the policy to the parents or guardian of each pupil within 15 days after the beginning of the school year, or within 15 days after starting classes for a pupil who transfers into the district during the school year, and the school board or governing body of a charter school shall ~~to~~ require that a ~~each~~ school inform ~~informs~~ its pupils of the contents of the ~~its~~ policy. School boards and the governing bodies of charter schools, along with the parent-teacher advisory committee, must ~~are encouraged to~~ annually review their pupil discipline policies, the implementation of those policies, and any other

factors related to the safety of their schools, pupils, and staff.

(a-5) On or before September 15, 2016, each elementary and secondary school and charter school shall, at a minimum, adopt pupil discipline policies that fulfill the requirements set forth in this Section, subsections (a) and (b) of Section 10-22.6 of this Code, Section 34-19 of this Code if applicable, and federal and State laws that provide special requirements for the discipline of students with disabilities.

(b) The parent-teacher advisory committee in cooperation with local law enforcement agencies shall develop, with the school board, policy guideline procedures to establish and maintain a reciprocal reporting system between the school district and local law enforcement agencies regarding criminal offenses committed by students. School districts are encouraged to create memoranda of understanding with local law enforcement agencies that clearly define law enforcement's role in schools, in accordance with Section 10-22.6 of this Code.

(c) The parent-teacher advisory committee, in cooperation with school bus personnel, shall develop, with the school board, policy guideline procedures to establish and maintain school bus safety procedures. These procedures shall be incorporated into the district's pupil discipline policy.

(d) The school board, in consultation with the parent-teacher advisory committee and other community-based

organizations, must include provisions in the student discipline policy to address students who have demonstrated behaviors that put them at risk for aggressive behavior, including without limitation bullying, as defined in the policy. These provisions must include procedures for notifying parents or legal guardians and early intervention procedures based upon available community-based and district resources.

(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)

Sec. 10-22.6. Suspension or expulsion of pupils; school searches.

(a) To expel pupils guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the

meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a pupil, the written expulsion decision shall detail the specific reasons why removing the pupil from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardian of a ~~such~~ pupil along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension. A pupil who is suspended in excess of 20 school days may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

(b-10) Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

(b-15) Out-of-school suspensions of 3 days or less may be used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

(b-20) Unless otherwise required by this Code,

out-of-school suspensions of longer than 3 days, expulsions, and disciplinary removals to alternative schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), "threat to the safety of other students, staff, or members of the school community" and "substantially disrupt, impede, or interfere with the operation of the school" shall be determined on a case-by-case basis by school officials. For purposes of this subsection (b-20), the determination of whether "appropriate and available behavioral and disciplinary interventions have been exhausted" shall be made by school officials. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

(b-25) Students who are suspended out-of-school for longer than 4 school days shall be provided appropriate and available

support services during the period of their suspension. For purposes of this subsection (b-25), "appropriate and available support services" shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be provided or whether it was determined that there are no such appropriate and available services.

A school district may refer students who are expelled to appropriate and available support services.

A school district shall create a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting.

(b-30) A school district shall create a policy by which suspended pupils, including those pupils suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a pupil's parent or guardian to notify school officials that a pupil suspended from the school bus does not have alternate transportation to school.

(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to teachers,

administrators, school board members, school resource officers, and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined in

subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the Federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code. ~~The provisions of this subsection (d) apply in all school districts, including special charter districts and districts organized under Article 34.~~

(d-5) The board may suspend or by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend a student for a period not to exceed 10 school days or may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the

safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school. ~~The provisions of this subsection (d-5) apply in all school districts, including special charter districts and districts organized under Article 34 of this Code.~~

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and

disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities. ~~The provisions of this subsection (c) apply in all school districts, including special charter districts and districts organized under Article 34.~~

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program. ~~This subsection (g) applies to all school districts, including special charter districts and districts organized under Article 34 of this Code.~~

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or

damaged property.

(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

Sec. 27A-5. Charter school; legal entity; requirements.

(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by this amendatory Act of the 93rd General Assembly do not apply to charter schools existing or approved on or before the effective date of this amendatory

Act.

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) A charter school shall comply with all applicable health and safety requirements applicable to public schools under the laws of the State of Illinois.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article; the Illinois Educational Labor Relations Act; all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English language learners, referred to in this Code as

"children of limited English-speaking ability"; and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies, except the following:

(1) Sections 10-21.9 and 34-18.5 of this Code regarding criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database of applicants for employment;

(2) Sections 10-20.14, 10-22.6, 24-24, 34-19, and 34-84a ~~34-84A~~ of this Code regarding discipline of students;

(3) the Local Governmental and Governmental Employees Tort Immunity Act;

(4) Section 108.75 of the General Not For Profit Corporation Act of 1986 regarding indemnification of officers, directors, employees, and agents;

(5) the Abused and Neglected Child Reporting Act;

(6) the Illinois School Student Records Act;

(7) Section 10-17a of this Code regarding school report cards;

(8) the P-20 Longitudinal Education Data System Act;
~~and~~

(9) Section 27-23.7 of this Code regarding bullying prevention; and ~~and~~

(10) ~~(9)~~ Section 2-3.162 ~~2-3.160~~ of this ~~the School~~

Code regarding student discipline reporting.

The change made by Public Act 96-104 to this subsection (g) is declaratory of existing law.

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. However, a charter school that is established on or after the effective date of this amendatory Act of the 93rd General Assembly and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on the effective date of this amendatory Act of the 93rd General Assembly and concludes at the end of the 2004-2005 school year. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school contracts with a school district shall be provided by the district at cost. Any services for which a charter school

contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.

(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

(k) If the charter school is approved by the Commission, then the Commission charter school is its own local education agency.

(105 ILCS 5/34-19) (from Ch. 122, par. 34-19)

Sec. 34-19. By-laws, rules and regulations; business transacted at regular meetings; voting; records. The board

shall, subject to the limitations in this Article, establish by-laws, rules and regulations, which shall have the force of ordinances, for the proper maintenance of a uniform system of discipline for both employees and pupils, and for the entire management of the schools, and may fix the school age of pupils, the minimum of which in kindergartens shall not be under 4 years, except that, based upon an assessment of the child's readiness, children who have attended a non-public preschool and continued their education at that school through kindergarten, were taught in kindergarten by an appropriately certified teacher, and will attain the age of 6 years on or before December 31 of the year of the 2009-2010 school term and each school term thereafter may attend first grade upon commencement of such term, and in grade schools shall not be under 6 years. It may expel, suspend or, subject to the limitations of all policies established or adopted under Section 10-22.6 or 14-8.05, otherwise discipline any pupil found guilty of gross disobedience, misconduct, or other violation of the by-laws, rules, and regulations, including gross disobedience or misconduct perpetuated by electronic means. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program. A pupil who is suspended in excess of

20 school days may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program. The bylaws, rules and regulations of the board shall be enacted, money shall be appropriated or expended, salaries shall be fixed or changed, and textbooks, electronic textbooks, and courses of instruction shall be adopted or changed only at the regular meetings of the board and by a vote of a majority of the full membership of the board; provided that notwithstanding any other provision of this Article or the School Code, neither the board or any local school council may purchase any textbook for use in any public school of the district from any textbook publisher that fails to furnish any computer diskettes as required under Section 28-21. Funds appropriated for textbook purchases must be available for electronic textbook purchases and the technological equipment necessary to gain access to and use electronic textbooks at the local school council's discretion. The board shall be further encouraged to provide opportunities for public hearing and testimony before the adoption of bylaws, rules and regulations. Upon all propositions requiring for their adoption at least a majority of all the members of the board the yeas and nays shall be taken and reported. The by-laws, rules and regulations of the board shall not be

repealed, amended or added to, except by a vote of 2/3 of the full membership of the board. The board shall keep a record of all its proceedings. Such records and all by-laws, rules and regulations, or parts thereof, may be proved by a copy thereof certified to be such by the secretary of the board, but if they are printed in book or pamphlet form which are purported to be published by authority of the board they need not be otherwise published and the book or pamphlet shall be received as evidence, without further proof, of the records, by-laws, rules and regulations, or any part thereof, as of the dates thereof as shown in such book or pamphlet, in all courts and places where judicial proceedings are had.

Notwithstanding any other provision in this Article or in the School Code, the board may delegate to the general superintendent or to the attorney the authorities granted to the board in the School Code, provided such delegation and appropriate oversight procedures are made pursuant to board by-laws, rules and regulations, adopted as herein provided, except that the board may not delegate its authorities and responsibilities regarding (1) budget approval obligations; (2) rule-making functions; (3) desegregation obligations; (4) real estate acquisition, sale or lease in excess of 10 years as provided in Section 34-21; (5) the levy of taxes; or (6) any mandates imposed upon the board by "An Act in relation to school reform in cities over 500,000, amending Acts herein named", approved December 12, 1988 (P.A. 85-1418).
