An Invitation for Sponsorship

Advertising is one way to get your message to the school leaders who buy or influence the buying decisions for products and services. There is another way to reach and influence these leaders: sponsorship of IASB events.

IASB has been at the forefront of supporting those who govern and direct the course of public schools in Illinois for 100 years. We are inviting you to become a sponsor of IASB events, thereby helping us sustain our crucial work to promote excellence in local school governance in support of quality public education. In doing so, you will be recognized among educational leaders for your support.

If you would like more information on IASB sponsorship opportunities, please contact Carla Bolt at 217.528.9688, ext. 1140, or email her at cbolt@iasb.com for more information.

Thank you for helping us to Light the Way for 100 years: 1913-2013!

Illinois School Products & Services Market

How?

Reach your target audience with laser-like precision.

We've identified it for you. Get your message efficiently and economically to the people who buy and influence buyers of school products and services.

Every year Illinois public schools spend over \$4.5 billion on the kinds of goods and services YOU provide ... from consulting to construction to buses to lockers ... and everything in between. And every November, thousands of school administrators and policy makers who influence these buying decisions gather in one place: the IASB/IASA/IASBO Joint Annual Conference.

Here's how you can make sure your company is the one they remember when considering those purchasing decisions:

Advertise in the official Conference program. This program is the constant companion of everyone attending the event. It's also carried back home and shared with those who couldn't attend. If you exhibit at the Conference, your company also will benefit from advertising in the Conference program, thus helping to make your booth and products stand out among the hundreds competing for attention.

Double your punch by advertising in the November/December issue of *The Illinois School Board Journal*. This issue, which is published in early November, reaches all Conference participants **before** they head to Chicago. Increase traffic to your booth by making sure the more than 8,000 Journal readers have your company name and service in mind.

IASB reserves the right to reject any advertising that is not in keeping with publication standards.
