The Basics of Governance workshop will focus participants on board and board member roles and responsibilities. This workshop will provide participants with an opportunity to

- Identify the role and work of the school board.
- Distinguish board work from that of the superintendent and staff.
- Understand how each member relates to the full board.
- Discuss effective board and board member best practices.

This workshop fulfills the governance overview requirement for admission into IASB's LeaderShop Academy.

Leading Leaders: The Job of Board President

Check **B2** on registration form

Presenters: **Barbara Toney**, Director, Field Services, Illinois Association of School Boards, Lombard; and **Steve Clark**, Consultant, Targeting Achievement through Governance, Illinois Association of School Boards, Lombard

Leaders set the tone and expectations for the groups they serve. The board president, more than any other individual board member, has the power to impact the quality of the board's work. The effective board president does far more than just "run the meeting." He or she is expected to keep the board focused on setting district direction; provide the opportunity for board members with divergent views to have their say without acrimony and without showing favoritism; maintain open lines of communication with the superintendent, other board members, and the public; be knowledgeable of the legal requirements of the board of education; and much, much more. Plan to attend this interactive workshop designed specifically for you — the board president. It will explore your difficult and challenging roles with their various responsibilities and duties.

You will learn about

- | | | |
|--|-------------------------------|----------------------------|
| • Relationships with the rest of the board and the superintendent. | • Legal responsibilities. | • Managing board conflict. |
| | • Keys to effective meetings. | • Communications. |
| | • Parliamentary procedure. | • Teamwork. |

Professional Development Leadership Training (PDLT) and performance Evaluation Reform Act (PERA) Training for School Board Members

Check **B3** on registration form

Presenter: **Maureen Anichini Lemon**, Attorney, Ottosen Britz Kelly Cooper Gilbert & DiNolfo, Ltd., Naperville; Member, Illinois Council of School Attorneys

Professional Development Leadership Training (PDLT) for School Board Members satisfies the requirements for mandatory board member training per Public Act 097-0008 and includes four (4) hours of instruction in education and labor law, financial oversight and accountability, and fiduciary responsibilities. Additionally, it will fulfill the requirement for **Performance Evaluation Reform Act (PERA) Training for School Board Members**. Every school board member, elected or re-elected, **must** complete this training in the first year of his/her term. A board member who has already complied with this requirement is not required to take this training again.

Myers-Briggs® Type Indicator

Check **B4** on registration form

Presenter: **Larry Dirks**, Director, Field Services, Illinois Association of School Boards, Springfield; and **Laura Martinez**, Director, Field Services, Illinois Association of School Boards, Lombard

Back by popular demand. Countless board members and administrators have found Type (MBTI) to be an excellent resource for governance, organizational, and personal excellence. Two of our own IASB field service staff members will bring their expertise in MBTI assessment and board governance together in this engaging workshop. This workshop will help you to

- Enhance your board's ability to make good decisions.
- Use your strengths and those of others on your board to develop consensus on issues.
- Communicate effectively with board, staff, and community.
- Develop strategies toward effective meetings.

Connecting with the Community: The Board's Role and Work in Community Engagement

Check **B5** on registration form

Presenters: **Angie Peifer**, Consultant, Board Development, Illinois Association of School Boards, Springfield; and **Patrick Rice**, Director, Field Services, Illinois Association of School Boards, Springfield.

“The school board engages in an ongoing two-way conversation with the entire community” (from IASB’s *Foundational Principles of Effective Governance*).

That sounds good, but what does it mean? What is the board’s role in this work and how does the board begin? Why should a board want to engage its community? Attend IASB’s newest workshop to learn the answers to these questions. Participants in this workshop will

- Understand what community engagement is and how it differs from public relations.
- Understand the key principles of effective community engagement.
- Understand and practice how to fulfill the board’s role in community engagement efforts.
- Consider why effective community engagement is essential to public education.

Introduction to Collective Bargaining for School Board Members and Administrators

Check **B6** on registration form

Presenters: **David Braun**, Attorney, Miller, Tracey, Braun, Funk & Miller, Ltd., Monticello; Member, Illinois Council of School Attorneys; **Kyle Freeman**, Superintendent, Washington CHSD 308; and **George M. Kohut**, Retired Assistant Superintendent, Belleville THSD 201

Attend this workshop to learn what every school board member — and every administrator — needs to know about collective bargaining:

- What the law requires of school boards and employee unions;
- Steps involved in bargaining labor contracts;
- Alternative processes;
- Politics and psychology of school bargaining;
- Roles and responsibilities of boards and administrators;
- How to handle labor disputes; and
- How to keep labor relation problems from destroying human relationships.

Attend this workshop to learn how to engage in a deliberate process that benefits your board, superintendent, and district. Participants in this workshop will

- Review the characteristics of a high quality relationship.
- Learn a framework for identifying relationship issues.

A Courageous Conversation™ About Race and Its Impact on Achieving Equity in Schools

Offered twice. Check **B10 (a.m.)** or **B11 (p.m.)** on registration form

Presenter: **Glenn Singleton**

Despite our rhetoric “No Child Left Behind,” the belief that some children cannot learn and thus, will not achieve at high levels persists. Increasingly, “gap” research points to the insidious and pervasive effects of personal and institutional unconscious racial bias as a root cause of racial achievement disparities in U.S. schools. Addressing the intersection of race and exclusion and how they manifest today in the culture and climate of school districts is critical to creating a successful strategy for eliminating racial achievement disparities. In his remarks, Glenn Singleton will explore the topic of institutional racism and its impact on student achievement; introduce the tools for *Courageous Conversations*™ (the Agreements, Conditions, and Compass); and guide the IASB audience in a discovery of how honest, “courageous conversation” about race among educators is essential to help ALL children, particularly children of color, to achieve at the highest levels.

*Courageous Conversations is a trademark of Pacific Education Group, Inc.
